

Kate Hall Design

Hand painted botanical stationery

Hello

I'm Kate, it's lovely to meet you and thank you for your interest in my brand and products. Kate Hall Design was established in 2018, after ten years lecturing in fashion and textile design it was time to return to my first love - painting. I work from my studio in Yorkshire, with the help of my dog Mabel (who you have probably already met if you are an instagram follower!)

I specialise in watercolour cards and art prints, taking inspiration from botanical flora and fauna. All of the artwork on my products has been delicately hand painted in watercolour before being carefully digitised for optimum digital printing. Greeting card designs are A6 and printed onto a beautifully textured 300gsm card to reflect the surface of watercolour paper. Cards are blank inside, include a white envelope and are packaged in protective cellophane bags (if you'd prefer your cards plastic-free they can be individually tied with twine for no extra charge). Art prints are inkjet printed onto specialist 170gsm paper to ensure colourfastness.

I hope you enjoy browsing through the catalogue - I always love to hear feedback from stores and if you have any questions at all please don't hesitate to get in touch.

Kate
